

# IFS Qbyte CS Land

The most sought after land management software by Canadian oil and gas companies of all sizes.

IFS Qbyte CS Land is a land management system for all your industry contracts, leases and assets and is used by more than 230 companies, including 75 of Canada's top 100 producers.

## Guaranteed efficiencies

- With a familiar, intuitive interface already widely known in industry, companies are saving valuable administrative time; plenty of knowledgeable resources to choose from
- Gain faster access to land asset information through powerful and flexible IFS Qbyte Optix reporting
- IFS Qbyte 360 – built-in integration, interfaces, cross-application data comparisons and reporting

## Greater value

- Singular focus on building software for the Canadian upstream oil and gas industry
- IFS Qbyte Exchange for acquisitions, divestitures, and bulk data updates
- Secure web-based application with SaaS model pricing that alleviates IT, hardware, and upgrade fees
- Commitment to solid software development methodologies; strong support structure

## Key product facts

1. Most widely used Land Management software in Canada.
2. Whatever your company's size, whatever its plans, IFS Qbyte CS Land fits.
3. Industry standard and ad-hoc reporting available through IFS Qbyte Optix.
4. Included in the IFS Qbyte CS Land solution, IFS Qbyte Exchange is another choice for managing your data via Excel add-in.

## Benefits

**Securely** manage land assets in the cloud allowing 24/7 access to your data from anywhere in the world

**Realize** your data's potential with powerful, easy-to-use web-based reporting. IFS Qbyte Optix offers greater flexibility for accessing the data you need, your way; save, schedule, email and even share your reports

**Maximize** your revenue potential by using the Third Party module, combined with Utility updates accessing public data to help to ensure you're getting all of your Road Use revenue

**Ensure** top rated application support through live, local helpdesk interactions and ongoing, no charge customer training initiatives

**Flexibility** with optional IFS Qbyte Exchange spreadsheet module for mass loading (think acquisitions!) or updating on mass your valuable land records

**Reduce** property acquisition costs when you are using the same land software as most other companies – you never know what the future may bring

# IFS Qbyte CS Land
