

# IFS Qbyte Metrix

The market leader in production accounting software for Canadian upstream oil and gas professionals for over 30 years.

IFS Qbyte Metrix is the complete solution for production, revenue, royalty, and regulatory reporting requirements for Canadian oil and gas producers.

## Guaranteed efficiencies

- Easy master and transactional data imports/exports
- Interactive property schematics – provide actionable insights, show progress, launch reporting
- IFS Qbyte 360 – built-in integration, interfaces, cross-application data comparisons and reporting

## Greater value

- Singular focus on building software for the Canadian upstream oil and gas industry
- Secure web-based application
- Commitment to solid software development methodologies; strong support structure

## Key product facts

1. Supports essential government and industry reporting needs, plus EPAP compliancy.
2. Fits startups to customers producing 500,000+ BOE/day.
3. Quick, ad-hoc reporting (or choose from 170+ industry standard reports) through IFS Qbyte Optix.

## Benefits

**Ensures** all your production accounting business is handled effectively and accurately within one application:

- Robust/extensive products allocations
- Powerful functionality to fully manage explicit marketing and revenue distributions
- Royalty builder to handle your most intricate
- Crown-like and IOGC royalties
- Facility Charges module to handle various elaborate deductions and gross-ups
- Petrinex/Government reporting and EPAP compliancy for Canada

**Eliminates** data entry errors and duplication of effort through effective process automations including IFS Qbyte Financial integration, imports and spreadsheet uploads, and mass ownership updates

**Replaces** spreadsheets and manual, error-prone processes with best-in-class software that boasts an intuitive UI built for growth-oriented customers

**Automates** time-consuming accounting practices enabling staff to be more efficient

**Streamlines** cross-department communication allowing for faster exchange of data and information

# IFS Qbyte Metrix
